PRAISE ADEKUNLE

OBJECTIVE

Dynamic and detail-oriented Web Developer with a knack for conceptualizing and delivering elegant, user-friendly solutions effectively and efficiently. With my knowledge of PHP, I have worked on some projects which include developing an order processing solution for a restaurant and a fully functional ecommerce website.

SKILLS

- **Web Technologies and Framework**: HTML, CSS, Bootstrap, Js, JQuery, PHP, Laravel
- **Database**: MySQL
- **Workflow and Version Control Tools:** Github, Slack, Trello

---

EXPERIENCE

FREELANCE WEB DEVELOPER|SEP, 2019 – TILL DATE

- Built an ecommerce website for a bookstore company to improve customer's user experience and increase sales by 40%
- Designed a customer web form for a business client, which led to increased customer interaction.
- Worked on a personal project to help fashion designers display their designs, which would lead to increased brand visibility and more revenue.
- Developed an online platform for a restaurant where customers search for items, place an order and subsequently pay for it.

EDUCATION

B.Sc. Computer Science with Economics |Obafemi Awolowo University, Ile-Ife, Osun State

MAR, 2013 – AUG, 2019

- Took some courses which are relevant to Software development. They include Data Structures and Algorithms, Human-Computer Interaction Design, System Analysis and Design Methodologies, Techniques in Software Engineering, Technical Report Writing, Database, Object-Oriented Programming and Computer System Project Management.
